

Scavenger Hunt Day 4

1st-3rd Grade

Today we are traveling to Dubai which is a beautiful, but hot place to visit. Use your computer or phone to get the answers for the clues below. Place the answer to each question on your Card.

1. Our first stop will be to visit the Burj Khalifa, the tallest structure on the planet. Clue Box #1: Find the height of the building, then take that number and subtract 628. Put the answer in Box 1?
2. Clue Box #2: Take the number from your first answer in Box #1 and multiply by 3 then subtract 11. Put this answer into Box #2.
3. We will need to do some shopping in the Dubai Mall. Find out how many retailers or stores are located in the mall. Multiply this answer by 3 and put the answer in Box 3.
4. A lot of Gold is sold in Dubai in an area called Dubai's Gold Souk. Find out how many jewelers are located in the market. Divide this number by 2 and put this answer in Box #4.
5. The Dubai Waterpark is a nice place to visit especially the Tower of Neptune Ride. It takes you all the way up then drops you through a long tunnel. Find how far you fall with this ride. This is your answer for Box #5.
6. The Dubai Aquarium is the largest suspended aquarium in the world. How many marine animals can you see in the tanks? Put this answer in the Box #6.
