

Scavenger Hunt Day 2

1st-3rd Grade

Today we are traveling to Sydney, Australia and we hope to visit some nice places. Use your computer or phone to get the answers for the clues below. Place the answer to each question on your Card.

1. Our first stop will be to visit the biggest tower in Sydney. Clue Box #1: Find how high is the Sydney Tower Eye, then take that number and subtract 300. Put the answer in Box 1?
2. Clue Box #2: Take the number from your first answer in Box #1 and multiply by 3 then subtract 1. Put this answer into Box #2.
3. We will need to do some shopping. The main shopping area is called the Queen Victoria Building. Find out how many high-end shops are in the galleries. If we can only go to half of them, how many would be left for another day. Put your answer in Box #3.
4. The Baraangaroo Reserve is another good place to visit. For this answer, find how many native trees and shrubs are in the Reserve. Put this answer in Box #4.
5. Many people climb the Sydney Harbour Bridge. Find how wide the Bridge is and then round to the nearest ones place. This is your answer for Box #5.
6. There are 2 different type of Climbs that people can do for the Sydney Harbour Bridge. Find out how much time it takes for the 2 Climbs

(Sampler and Express). Add the 2 times together. Put this answer in the Box #6.
